

# OUR SUBSIDIARY

## MERCU Learning Point

MERCU Learning Point is an education and training provider that offers a comprehensive range of programmes and services to the general public, corporate bodies, grassroots organisations and voluntary welfare organisations. MERCU offers a wide range of educational programmes that provide a headstart with the aim of strengthening the foundation in core areas to achieve total development in education.

MERCU recognises the importance of enhancing the effectiveness of parents as a catalyst in the development of their children and families. Set up in 1999, MERCU has 14 centres comprising one kindergarten, four childcare centres, seven student care centres, two learning centres offering academic and enrichment programmes for students – one of which provides preparatory courses for GCE 'N' and 'O' levels. MERCU serves close to 2,000 customers monthly and continues to provide high-quality programmes and services to all its customers.

Its range of services is also extended to corporate and grassroots organisations such as Community Development Councils, community clubs and schools. MERCU aims to reach out to more people of various races through its collaborative efforts with private individuals, companies, religious and non-religious organisations, and voluntary welfare organisations.
