

OUR YOUTH WING

Young AMP

The youth wing of AMP, Young AMP, regularly organises seminars and workshops to encourage critical thinking among youths. Participants of Young AMP's activities are equipped with skills and knowledge aimed at developing their capacity to be future leaders of the community. They are also exposed to other relevant issues at the national and global levels.

For the year in review, 262 youths and young professionals participated in the various programmes and events organised by Young AMP.
